This season’s exhibit at the Elbert County Museum, *Arc and Spark: The Story of Electricity*, included artifacts and photographs from Intermountain Rural Electric Company and Mountain View Electric Company. There were also special exhibits on "Early Wiring" from Charlotte Mundy, "Lighting Arresters" from the Billy M. O’Pry Family Collection, and "Ceramic Fixtures" and a children’s interactive display from the Fred Sieders’ Collection. The exhibit was rounded out with personal stories by residents of Elbert County, including additional stories written by guests. We appreciate everyone’s participation in sharing this part of our county’s history.

To celebrate the 100th anniversary of the current Courthouse Building, there were photographs on display of the building in 1912 as well as early items from the courthouse. With 2012 being an election year, an antique voting booth and ballot box were also featured.

Thanks to all who contributed to the writing of this issue of the Smoky Hill Express.
**News Briefs from ECHS**

The Elbert County Historical Society had an informational booth at Elizabash, Simla Days, Kiowa Street Fair and Elbert's Historic Rendezvous this summer to promote the museum's exhibits and activities and to participate in the community events. It also helped promote the *Our Journey* program as well as other museums and historic buildings on the eastern Colorado plains.

The museum was represented at the Courthouse 100 Year Anniversary Celebration and barbecue on Saturday, September 29th. There were panels on display from the museum's *Window to the Past, Door to the Future* exhibit and an informational booth with books available for purchase on local history.

Board members attended an April 14th meeting of the Eastern Colorado Museums & Historical Societies held at the Lowell Ranch and hosted by Historic Douglas County. There were 11 organizations represented in the gathering. The day included everyone sharing ideas and upcoming activities as well as a tour of the Castle Rock Museum. The fall meeting hosted by Kit Carson County Carousel & Museum, to be held in Burlington, was rescheduled for Saturday, April 6, 2013.

**Remember that memberships follow the calendar year** and no reminders or membership cards are sent out. Thanks to those of you who get a jump start on our 2013 Season by sending in your membership check the first of the year. For more information on the different levels of membership or to print out a membership form, visit our website at [www.elbertcountymuseum.org](http://www.elbertcountymuseum.org).

When one young girl was asked to name one thing she learned from the exhibit or had never seen before, she replied that she had never seen the thing that plays records.

Also, one day a young boy looked at a manual typewriter and asked where the screen was.

Museums are truly for the young and older!

**History Colorado Tour**

The ECHS Board of Directors were on hand when History Colorado's Tours and Trek's "Colorado's Central Plains" tour members showed up on Friday, June 15th. Joe Martell shared various stories on Elbert County's history and highlighted the *Arc and Spark* exhibit as well as other features in the museum. There were 17 people in the tour group and the feedback was very complimentary.

For additional information on other History Colorado activities, visit [www.historycolorado.org](http://www.historycolorado.org).

**2012 Museum Season Sponsors**

Thank you for your commitment to the educational and historical importance of the Elbert County Museum to the communities and residents of Elbert County!

Thanks to all who added to our *Early Electricity Memories* by writing in the exhibit notebook. Here are some of the stories and comments shared:

"I was a city girl, married a farmer. What a shock! No central heat, plumbing or electricity." -- Betty Stambaugh

"I have a wind generator, 6 volt, we used on the farm to charge a battery. Then used the battery to operate our radio." -- Robert E. Whitehead

"We didn't get electricity in West Bijou until I was 13 years old, about 1950." -- Doris Ehmann

"The Rural Electric Association (REA) came to the area around 1949. Before that, many had 6 volt or 32 volt electricity that required many batteries. Others used kerosene lamps, white gas lanterns and candles. All homes had to be wired for 110 volt electricity that required knowledge to be done properly. Only a few locals could do that." -- Walt Maul

Advice from Hugh Mundy shared by his daughter, Maylois Fraley, "Be sure you're a plug puller and not a cord puller". Always unplug items by pulling the plug at the outlet and not just pulling the cord.

The Pioneer Fourth continues to be a day of friendship and fun as we remember the importance of July 4th. We thank all who came to celebrate and enjoy the museum’s open house as well as the games, music, food and costume parade and everyone who supported the various fundraising activities. We appreciate those who entered the pie contest as well as those who bid on the pies. Also, thanks to everyone who contributed items for the silent auction.

This event happens because of the generous support of our sponsors and of those who help in the planning and who volunteer on the day to set up, oversee the activities, and help put everything away. Thank You!

Elbert County’s Third Courthouse was dedicated 100 years ago this month, November 28, 1912.
The Elbert County Museum is owned and operated by the Elbert County Historical Society, a 501 (c)(3) non-profit organization.

Be sure to check out our website at www.elbertcountymuseum.org

**Highlights of Annual Membership Meeting**

The annual membership meeting was held on Saturday, September 8th. Here are some of the highlights:

- The new Museum Season Sponsorship Program was successful with the museum receiving more sponsorships than in the past.
- The 2013 Season exhibit will be on the Smoky Hill Trail. It was suggested that the following two years could expand the theme with a year on the stagecoach route, railroads and towns of Elbert County and a year on the advent of autos, roads and highways in Elbert County.
- Lee Whiteley, Bev Blotter and Garry O’Hara gave a brief overview of the Smoky Hill Trail, the research that has been done and the importance of the trail to this area.
- The current Board of Directors up for re-election (Joe Martell, Lucy Hoffhines and John Metli) were voted in.
- The volunteers, including the volunteer hosts, were recognized and appreciated for the commitment they make and the gift of their time.
- The next meeting of the membership will be **Saturday, February 9, 2013 at 10:00 a.m.** at the meeting room in the Elizabeth Branch Library.

- Cindy Taylor

**Mission Statement**

To record and maintain the history of Elbert County, Colorado from the earliest settlement.

To work for the establishment of appropriate vaults and archives for the preservation of original manuscripts, documents, photographs and artifacts which may come into the possession of the Society.

To maintain, preserve and house the above stated articles in the Elbert County Museum.
